Assessor Comments	On Offer are 157 purple tag 2020 drop merino ewes. These ewes were purchased locally from another prime lamb breeder, but were originally bred in WA. Since then, the vendor has joined these ewes to terminal sires as part of a prime lamb enterprise, with their progeny continually being grown out to be processed at export weights. This line of 5 & half year old ewes are strong, and with still plenty left to offer, would be a fantastic addition to any prime lamb production enterprise. Only being offered due to ongoing unfavourable seasonal conditions, that has led to a flock reduction by the vendor. September shorn, NSM, mulesed and tail stripped, these ewes are prepared, and will be ready to join in the spring. Please note the vendor has 165 2022 drop Dohne/ Merino ewes, and 335 2021 drop ewes in this sale also.
