Assessor Comments	Excellent Large Framed 2024 Drop Merino Ewe Hoggets from Kintra Pastoral. The Hoggets are part of the annual sale of Kintra Pastoral's surplus offshears breeders & in regular season to come there will be an annual draft of 500-650 of these surplus Ewe Hoggets for future consideration. Finalising the early Aug '25 shearing the Kintra Past. flock averaged an impressive 7.4 Kg wool cut for the season in certainly trying conditions. With the Hoggets representing with 17.5 & 18.1 micron wool lines to hold up their end of the operation. These young ewes are still powering ahead well on the current feed, showing a fresh nourished start in the jacket & a 66Kg ave. weight for the possibility of an early mate if required. Alot of hard work early has gone into these Kintra Past. Hoggets, & would ideally suit a highly productive Merino or Terminal Breeder. ## Please Note: Kintra Past. has another Total of 430 - 2020 Drop Poll Merino Ewes 78.4Kg in Todays Sale also ###
