These steers were great to work with in the yards. They all flowed well and drafted off a larger mob, they worked well through the race and all stood in the crush with minimal fuss.

Assessor Comments

Buyers here we have a well presented draft of Speckle Park steers. Calves that were weaned early and are starting to put on weight coming out the other side of winter. Sired by South Pine Speckle Park bulls they are steers that show excellent breed characteristics with great length, depth of body and frame to complement them. Steers that will continue to grow into large easy doing cattle giving them the opportunity to make classy trade type bodies or grown into heavy bullock weights. 100% Grass Fed Nil Grain and Nil Antibiotic and electric fence trained.
