Assessor Comments	Buyers a very good line of well grown Angus & Angus/Hereford steers averaging 453kg. These steers were purchased ex Powranna last year and the vendor has done all the hard work for you! They are grown and in forward condition, they would take full advantage of any feed available and finish in an extremely short time frame. They have length, depth, shape, style and softness, and are suited to all grassfed programs being Greenhams NE acc and NG/NA Note: One baldy steer is blind in one eye. This does not worry him in the slightest, especially when he is with the group
