| Assessor Comments      | buyers on offer we have a line of Speckle park Angus cross cows doing a great job of there second and third calf. These cows show plenty of frame and depth of body. With Autumn drop calves at foot sired by the hereford that show plenty of sap and potential. Due to calve again mid March they make great potential to fit into any cow calf operation or even for a small operation. Grass fed and electric fence trained. |               |                                     |
