All steers were very good to handle throughout the assessment process and were tagged at assessment. Odd steer got a little unsettled when weighed however quickly settled once returned to the group

Handled With

Bikes , On foot , Vehicles

Assessor Comments

Buyers the third line of Red Angus steer yearlings averaging 333kg offered a/c Stuartmead. These steers are a nice line, with 63kgs from lightest to heaviest! They present in forward store condition and are ready to continue taking full advantage of any feed available as the weather continues to warm. These 13-14 month old steers have frame and length with depth, shape, softness and type. They would make well finished yearlings ideally suited for all grassfed markets. Greenhams NE acc., JBS FA, NG/NA Note: Vendor has two other lines in this sale Note: Vendor is a co-director of Webb and Woodiwiss Livestock Marketing
