Assessor Comments	Offering 36 Angus and Angus Cross weaner steers. The steers averaged 336kg live at assessment after being weaned the day prior. The steers are well grown soft types that will suit many markets as feeders. The steers are currently being yard weaned but will be handled in the paddock as well ready to turn out. Please note a few steers were noted with lightly weeping eyes and one with an old blight scar. Also note the vendor has another one deck line of heifers in the same sale that may help with trucking.
