Heifers work very well through the yards and are well educated outside. Like any mob some heifers stress under pressure but settle down quickly when back with the herd. As a whole they have a calm disposition.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , On foot , Vehicles
Assessor Comments	This exceptional line of crossbred heifers is well-suited for either feedlot entry or further backgrounding on grass to achieve optimal finish for export or supermarket trade. While a small percentage of the Simbrah heifers exhibit more Bos indicus characteristics, the overall cohort is ideally suited to meet the demands of domestic markets. The heifers have been Preg Tested Empty and pre-treated with Doramax injectable. The vendor is offering delivery to Moura Saleyards with a guarantee to clear the dip. If there are any queries about the listing please give me a call.
