Assessor Comments	A good quality run of Angus and Angus x Steers that present in strong store condition, ready for a good paddock of feed. Handled well through the yards and would make an excellent investment to put back out in the paddock. Vendor has carried the steers through winter and needing to off load as regular agistment paddock has not become available. All the steers have had there shots and drenches are drafted into a tight weight range and ready to perform. please note 48 heavier steers in the auction as well.
