Assessor Comments	A line of Angus Weaner Steers weighing from 192-231kg to average 210kg after an overnight dry curfew and were exceptionally quiet to handle throughout the assessment. The weaners were weaned at the end of April and have come through a very wet winter, they are just starting to clean up and show signs of going ahead, presenting in a store condition they will respond quickly. To assist with delivery the Vendor will deliver to the Tenterfield Saleyards, they will be available for pickup from Monday Morning. please note the vendor has another line in the same sale.
