Assessor Comments	On offer is a very good line of EU-accredited Angus heifers, featuring proven bloodlines from Wattle Top, Knowla, and Glenavon. Bred by the respected Skipper family, who are known for consistently investing in top-tier genetics, these heifers come from a herd that prioritizes high growth, IMF , and fertility. 3 heifers have minor white markings from the navel back.one heifers has white in front of navel 2 heifers have old pink eye scarring in one eye, which does not affect their vision or performance. An opportunity to secure high-quality, future-breeding females with performance backing and reputable bloodlines. These heifers would make excellent additions to any breeding program. Whether you're looking to join them to a bull of your choice, grow them out on pasture, or take them through to heavy feeders, they offer versatility and performance.There is 66 of there sister in the same sale
