Assessor Comments	Buyers, a line of very well handled good quality NSM Angus Heifers. Heifers weighed 287 - 400kg to average 323kg at assessment. These cattle were purchased direct from JK Cattle Company, Boshammer Family, Dulacca. With a wealth of breeding behind these heifers should develop into future breeders. Health treatments are all up to date and with the sun on their back these cattle have really started to hit their straps. Heifers are only being sold due to a change in operation. For further information please call.
