	These steers worked well through the yards. And they have been involved in a rotation grazing program so are good to handle in the paddock		
Handled With	Bikes , Dogs		
Assessor Comments	A line of 52 No.4 Brahman Strs which are bred and grown in the coast and present with good frame to explode. These steers have been involved in a rotational grazing program which has resulted in them being very good to handle in the paddock. Sired by Tarramba Brahman bulls and out of Brahman cows these steers would grow suit either backgrounding until feeder weight or grass fattening.
