Assessor Comments	A good B Double line of vendor bred light weight crossbred weaned heifers. All the hard work has been done, fully weaned and educated and presenting in store condition with big compensatory gains to be had. Out of medium to large framed Brangus, Ultrablack, Simbrah and ,Droughtmaster cows by good quality Gidyea Brangus and Ultrablack, Glenlands Droughtmaster and DBR Speckle Park bulls. These heifer should power ahead on good feed, ideally suited to take through to Domestic or Export feeder weight or alternatively most have the feminine characteristics to go into a breeding herd. Please note some showing signs of lice rub and 1 heifer observed with old blight scar in 1 eye with neither considered detrimental.
