Assessor Comments	A good quality line of Angus x Angus Heifers, displaying good bone and length. Ideal cattle to suit backgrounders or feedlotters as they offer good compensatory gains as they have just been running on grass country for the winter months. Cattle are healthy and strong and ready to bounce away on good spring feed or crop. Please NOTE: Vendor has done everything possible to try to ensure heifers are empty by keeping them away from bulls and needling them with ovuprost
