Assessor Comments	Well bred Hicks composite x Hicks Composite Hereford Steers calves These Steers come from a highly regarded herd and are proven performers with great feedback from previous buyer's and abattoirs. The vendors have been using Hicks Composite bulls for more than 13 + years and select bulls on docility, high weaning weights and calving ease. Steers are showing all the Hicks composite attributes and are a credit to the vendors. These steers will perform and come with my highest of recommendation. Previous consignments from the vendors have top the auctions plus sales. ***Buyers please
