| Comment on Fat Score 1 Cattle | Cattle are in good condition, but has been used as clean up crew on barley grass areas. Will blossom with correct feed.                                                                                                                   |     |                 |      |                |

| Vendor Comments               | These guys are so easy to handle. The black belted galloway is a real character. He is always on his knees eating the maximum that he can reach under the portable fence tapes. Please note small amount of ringworm recently re-treated. |     |                 |      |                |
