Assessor Comments	Tops of the drop B-Double line of Team Te Mania Angus steers, all weighed 345kg+ to ave 369kg full (324-419kg) at			

assessment. These steers are EU & Greenham Never Ever Accredited and are purpose bred for the high end feeder steer market, having a long track record for high performance from major feedlotter and are highly sort after annually. The herd has a reputation of turning off even lines of steers at the top-end of the feeder specifications - very rarely offered at these weights and normally sold at around 470kg in November. These steers have endured a tough autumn and winter, and are only just hitting their straps, providing immediate upside for purchasers. Selling c/kg lwt only, to be weighed full - 5% at Mount Gambier, full -4% at Hamilton/ Coleraine or alternative if prior arrangements are made.
