Assessor Comments	This is a very neat run of 120 steers from a line of 360 steer weighed sold into 3 even lines. These steers are showing good bone, frame and stretch. They are a run of handy Angus steers showing improvement daily now on a green pick . These steers have come through dry seasons fed on hay. Ideal to background/turn out to a paddock or feed lot to heavy weights. The Watervally cattle are well known for their doing ability and will perform well for those buyers looking for improver cattle to add value to their purchases. Vendor has 4 other lines in this sale to help make up truck loads. Even though the cattle are in forward store condition they are fit to travel long distances. Highly recommend these cattle. Great opportunity to put together large run of steers. in fresh forward condition.
