	Extremely quiet to handle. have been continually managed through the yards. You can walk amongst them, and almost have to push them out of the way.					
Handled With	Bikes , On foot , Vehicles					
Assessor Comments	A line of 45 quality bred AA heifers that are EU accredited. Unfortunately, due to the very tough season leading up to Winter, these heifers were in very light condition when put out with the bulls. As a result only 10 heifers in the mob were preg tested in calf, leaving this line of drys. They are the complete drop, with a small tail drafted out, as well as the 10 in calf. The successful purchaser can have the offer on those 10. They are extremely quiet in temperament having been handled extensively through the yards and race, with a large percentage of them being classed as docile. They will present as good medium frames, in forward store condition. The vendor always buys top end Angus bulls, usually in that \$10,000 to \$20,00 range. Sires include Granite Ridge, Nampara, and Sprys Angus. Ideal to put a bull with now for a late Winter/Spring calving, or for a feedlot programme.
