	These heifers were a pleasure to assess with majority of them having a good temperament with a few slightly stirry heifers in the mob. Heifers have had plenty of training and handling. The odd heifer stirred up under pressure in the crush, however, calmed down once released.

Assessor Comments	104 (4 decks) VGQ No'4 & No'3 PTE Santa, AngusX & Crossbred heifers. At assessment the heifers weighed 360 – 490kg to avg 417kg, after being in the yards over night off feed and on water. They are all medium to large frame heifers and are in forward store condition. The heifers have been Preg Tested non detectible and would be ideal feeders or join them to a bull of your choice. Majority of these heifers are purchased with a percentage of vendor bred heifers through the mob.
