Assessor Comments	Buyers on offer is a run of 244 Ultrablack/Brangus cross steers that weighed 312kg at assessment after an overnight curfew. An even run of 122 run out the gate will be loaded at delivery. Steers have great bone and shape backed by Milwillah Ultrablack bull genetics and Lazy S Brangus. Steers have been weaned off the cows on the 24/9/25 and will remain in the yards up until delivery and will be educated by the vendor. Due to floods at the start of the year these steers were marked in late May and remained with the cow until last week and has help the steers pack on the weight. A very small % of steers have small warts - not detrimental at all. Purchasers please make own shrinkage adjustments if traveling over long distances. Steers ideally suit the feeder marker or heavy export. They are a pleasure to handle and are noted doers for previous purchasers.
