	These heifers are very quiet and sensible in a larger yard. Most are inquisitive and are happy to be close to you. Nearly half were unsettled and a bit agitated in the head bale, but settled down on their release. They are out of a very quiet cow herd and temperament is not an issue with these heifers.

Assessor Comments	A rare opportunity to purchase top shelf, breeder quality, Registered Stud Angus Heifers. Vendor is willing to transfer heifers to purchaser at purchasers cost. Vendor bred, soft, Medium and large framed these heifers are well grown and heavy and mature enough to join to the bull of your choice. Vendor is consistently buying bulls in the top price bracket along with now using Artificial Insemination to some of the leading sires and genetics available and the quality of these heifers is a testament to this. Only a very small portion of this drop of "V" year heifers has been retained by the vendor as replacement breeders and a very small tail (mostly younger heifers) has been removed leaving a very good to excellent quality line of future breeders for your competition. .
