Assessor Comments	104 Angus X Angus Feeder steers, steers consist of Hazledean, Rennyalea, & Angus blood steers we're originally purchased ex Auctionsplus as weaners off the breeder. Steers have been grown out over winter on an oat crop over presenting in forward condition displaying excellent frame & weight it makes these steers ideal cattle to take to feed to top off into a 150 day Angus export kill. Please note 2x steers with pink eye scarring. Buyers a great opportunity to put a full road train load of good quality Angus feeders with plenty of upside in a rising market.
