Handled With	A very quiet line of Heifers to handle, there was no stir or trouble while assessment which quickened the exercise. Cannot fault the vendors weaning and handling practices as it has shown in this line of Heifers. Very quiet and easy to handle, Bikes , On foot		
Assessor Comments	With the Black & Red Limousin Bulls used it has given frame to these Heifers, The Murray Grey Cross ones have also displayed good growth and frame. Heifers would suit someone who would like to retain as breeders as being extremely quiet. The right cross and development of these heifers would also suit the local trade feed market. Heifers have been handled well and have grown well also. Plenty of softness throughout this draft. This draft of Heifers were weaned at two different stages but have been running in same paddock together. We opened the mouths on a sample of the older Heifers with only 1 Heifer just breaking. You are buying a quality line of Heifers that have the breeding and great temperament as you can see by the video.
