Vendor Comments

Due to my property being sold, these yearling Heifers are the final offering of the RA Angus Stud heard dispersal. All Heifers offered are sired by Yallambie R34, a new sire in the stud who has produced the best and most consistent calves to date.

| Assessor Comments      | An opportunity is presented to the market to secure quality Red Angus Genetics as part of the RA Red Angus complete herd dispersal with the final offering being the yearling Stud Heifers. Ross Anderson has focused on breed type and structure and it is clearly evident in the lovely draft of females offered as seperate lots in this sale. There will 9 Heifers in total in this sale over 8 lots with the final lot being 2 x RPR Heifers. These Heifers being offered in this lot are RANV14 & RANV18. Please refer to the pedigree attached and photos. Please note, these two Heifers are only RPR registered females. Registration of this Heifer can be transferred at the purchasers expense. |                                          |                                     |
