Quiet: 20 head

These Steers have been handled on a consistent basis by the vendor and are extremely quiet. An absolute pleasure to handle throughout the assessment.

Handled With

Bikes , On foot , Vehicles

Notable Traits

Traits

1 Head

Very slight cloudy eye. Not detrimental.

1 Head white stripe underside not forward of navel. Would still qualify as an Angus feeder.

Assessor Comments	A quality offering of Angus yearling steers that exhibit good Angus type with good carcass attributes and tremendous bone. These steers are extremely quiet as they have been handled on a regular basis by the vendor. These steers have been powering ahead as they have been running on a mix of Rye grass, Pasture, Oats, and have been supplementary fed Lamb pellets and a chaff mix daily and will continue to do so until delivery. An opportunity to purchase progressive quality Steers which could present a short turn around for the purchaser to take through to the heavy feeder market or to the market of your choice in the future. Please note - Photos may present with the appearance that bur is present. Cattle were inspected and its markings as a result of laying in feed/manure.		
Assessor	Allan Laurie (Level 2 Accredited) Parallel Assessed By : James Sharpe
