Assessor Comments	A nice line of Angus x Angus grass fed and antibiotic free eu feeder steers. These steers are bred from a self replacing cow herd based on Booroomooka and Knowla blood lines. Steers present in a healthy forward condition still with room for compensatory weight gain. Steers had a 16 hour water curfew before assessment. A nice line of steers to suit grass fed programs or would suit feedlot entry. A nice line of reputable steers vendor sparing no expense on genetics . Please note 1 steer cloudy eye not consisted detrimental 1 steer small white mark on pizzle
