Assessor Comments	Good quality line of growthy X bred steers. Plenty of frame and shape to work with. Ideal steers to go onto crop or to grow out to heavy export bullocks. Steers are mostly cream in colour by Charolais Bulls out of Bos Indicus infused cows. Some steers show loose sheath but all considered flat back. Steers with the frame to pack weight on. Some of these steers do have old vaccination lumps. These steers would ideally suit a very good cattle person, steers are only used to being mustered by horse and dogs. Good quality steers by Palgrove and Elstow Charolais bulls.
