Easy to handle cattle throughout the assessment process. Odd animal had a bit of run in them but nothing out of the ordinary.

Handled With Bikes , On foot , Vehicles

Assessor Comments A good line of Yavenvale Hereford & Milong blood Hereford & Black Baldy steers that averaged 295kg (251-326g) at assessment with a small tail removed. These steers would normally be retained to take out to kill and feeder weights. There

	is plenty of upside in these steers and they will add weight quickly on spring feed. Please note; vendor also has 22 heifers in this sale.
