Heifers do have a little bit of run in them, vendor often works off farm and the cattle don't get handled regularly throughout the year. But after a long, dry winter period where they were fed with hay weekly, it has helped quieten them down a lot. These cattle would be no concern for people with cattle experience.

Handled With	Bikes , Dogs , Vehicles

Notable Traits		Traits
	3 Head	Minor ringworm/warts around face/neck
	2 Head	Slight blemish/blue eye scarring in one eye only

Assessor Comments	On offer is a quality line of 64 NSM Angus heifers that are pure Bongongo blood. Heifers are in good forward condition and ready to be put out with a bull of choice, weighing from 290-397kgs LW. This line presents nice and even, they have also had a tail removed. Vendor purchases top quality bulls each year from Bongongo and these heifers are testament to that. After coming through a tough Autumn/winter these heifers have picked up and are on the do. As well as being fit for joining they would be a very good article to fatten and have always performed well in the past.
