	2 Head Slight blemish/blue eye scarring in one eye only
Assessor Comments	On offer is a neat line of Mundarlo & Arden blood Angus heifers that are NSM, well weaned and are 12 months of age. These cattle have come through a very tough winter but have improved on good quality pastures and are on the do. Heifers were nice and quiet whilst assessing. They were weighed between 252-341kgs LW and present evenly with a small tail removed. Heifers would be suitable as future breeders or to take on as grass fatteners.
