Assessor Comments	102 x F1 Wagyu heifers rising 2 years old. All sired by Top Quality Sumo Wagyu Bulls (pedigrees in the photo slides). Out of Rennylea blood Angus cows. Coming out of a particularly tough winter in the tablelands these heifers have really started to do well on a fresh spring pick. They present in forward condition and I believe are ready to start on a feedlot of crop finishing program. Previous buyers have been very pleased with how they progress on the right nutrition. 15% tail removed. 15% mouthed as milk and 2 teeth. All heifers preg tested empty by register vet on the 1/7/25 and to the best of our knowledge have not seen a bull since then. Certificate available.
