Temperament not assessed in Paddock

	Cattle displayed excellent temperament during assessment. All heifers flowed through the yards smoothly with minimal disturbance. The odd heifer tried to turn in the race but other than that they are quiet and easy to handle making them suitable to all experience levels.

Assessor Comments	A quality line of 5–6 month old Angus x Friesian cross heifers, currently grain-fed and showing excellent weight-for-age performance. These heifers exhibit the desirable carcass traits of top Angus genetics.
