Assessor Comments	On offer is a very good line of EU weaner steers that present in excellent condition for buying. These steers have had all the hard work done to them, they also have the quality to go on to become very good feeders or grow out as bullocks. They have been bred on lighter country and with the very dry conditions and limited feed currently, they will explode on some good feed. Steers are a pleasure to work in the yards. Steers were pre treated with Cattle guard pour on at time of assessment. A few steers have slight rub marks.
