Assessor Comments	26 well educated, good & very good quality, EU, Grassfed, soft steers bred on lighter country. These steers are starting to do and have an ADG 0.4 since last weighing and is expected to power ahead on good quality feed or crop or grain. They would be suited to put in a feedlot as a trade steer, put more weight on and take through to heavy export feeders or kill weights. These steers are in ticky country but were treated at assessment and vendor offers them guaranteed clear at Taroom dipping yards for buyers wanting to purchase them in clean country. Vendor also has a further 2 lots of steers in the same sale.
