Assessor Comments	A smart line of Vendor bred Angus x Angus Heifers for bidding competition. This article presents in a strong store condition which averaged 277kgs at the time of assessment. These Heifers are out of medium to large framed Cows and are by Wattletop, Brooksby and Eagle Hawk Bulls. These Heifers are extremely well handled and educated and were a pleasure to do anything with. These cattle are being sold due to being a surplus of requirements and present a unique opportunity to purchase well bred Heifers with plenty of compensatory gain, that can go either way. They would be ideal as future breeders or have the reputable breeding to grow out to heavy export or trade weights.
