Notable Traits	Traits
	2 Head heifers wart scars on neck
	2 Head old pink eye scarring in 1 eye

Assessor Comments	A nice of Angus heifers that are grass fed and antibiotic free. These heifers are bred out of a self replacing cow heard based on Eaglehawk bloodlines. Heifers are starting to loose winter coat and shine up. A very nice line of Angus heifers that would suit to feed or breed. Heifers are of good quality and given the right opportunity will continue to go forward. A nice lot of weaned Angus heifers that are renowned doing cattle.
