Traits

1 Head Old eye scar
1 Head Warts on face minimal

Assessor Comments

Nice well bred line of feeder steers primed and ready to hit the feed bins. These steers have been bunk trained and fed in containment (no grain) so will hit the feeders like ducks to water. Quality cattle with the bone, muscle pattern and structure to hit either domestic and heavy export slaughter targets. Vendor has given a 2 week delivery period, these steers are doing quite well at present and are expected to continue to gain weight until delivery.
