|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------|--|
| Assessor Comments      | 23 x Angus steers by registered Hillview Angus Bull. From large framed Angus cows. Steers averaged 316kg at Assessment. Previous steer progeny have made feeder and export weights. Have been running on Rye and Wheat crops and have performed exceptionally well in the last 6 weeks. On the do, will continue to given the correct opportunity.                                           |                                                                        |  |
| Assessor               | Jacob Rayner (Level 1 Accredited)                                                                                                                                                                                                                                                                                                                                                            |                                                                        |  |
