Assessor Comments

Wonderful oppurtunity to put together a large line of 375 one mark breeders steers that were all weighed between 380-520kg curfewed to be sold as 5 even runs out the gate. These steers have a tonne of growth, and have really done well in the last 6 weeks. I would expect a lot of compensatory weight gain once on feed. The Yammatree cattle have a great reputatation with many feedlots throughtout the Eastern states and I have had good feed back regularly about their
