Cattle always handled in a calm manner using Low stress practises. Quietly brought up to the force & race without need for a piece of pipe, arm raising, or yelling. Generally self fed up the race from there, with the occasional need to encourage them through.				

Handled With	Bikes , Low Stress Stock Handling© practices (January 2014) , On foot , Vehicles		
Notable Traits	Traits 10 Head Non detrimental Eye Blemish		
Assessor Comments	Barrajo Pty Ltd offer 53 Angus steers. Steers that are usually sold direct to the feedlot around Oct/Nov at approximately 450kg average. However, this years very trying seasonal conditions have not allowed these steers to reach anywhere near their potential on farm, leaving the door wide open for a buyer to jump on & buy some top quality bred steers. Structurally correct, and designed to finish early & yield strongly. Steers with a good long barrel & plenty of depth, out of a heavily classed Dunoon Angus blood cow herd, By select high growth/positive carcass Dunoon & Ardrossan Angus Sires. These healthy young steers are starting to grow out & really bounce along with the added bonus of EU Acc to target any market.
