Assessor Comments	90 Vendor Bred Angus Heifers An outstanding line of vendor-bred Angus heifers, representing the top draft of the vendor's herd. These quality young females are 11–12 months of age, displaying excellent frame, depth, and softness. The vendor has utilised leading sires from Kunuma and Innesdale Angus Studs, selected for structure, growth, fertility, and docility. Heifers are well-handled, well-weaned, and present in strong forward store condition, ready to grow on to join or to fatten. This is a genuine offering of future breeder prospects, with the quality, temperament, and genetic depth to enhance any Angus breeding program. A small number of heifers show minor warts and old pinkeye scars which are not active. All cattle are Greenham's Never-Ever Accredited.
