	Very good to handle through the yards. Only a few stirred up in the crush but settled quickly once outside. The Vendor always works cattle very steady through the yards and they have been round yard drafted.																						
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Horses																						
Assessor Comments	210 GQ HGP Free Vendor - Bred, weaners made up of predominantly Brahman Cross with slight hump and 32 Flatbacks with no hump. There is 31 blacks and brindles in the mob. Most of these weaners have good bone and frame and would be suitable to breed on with or grow out to feeder weights for the Domestic or Live Export Market. The heifers range from 150 to 280 kg and averaged 196 kg at assessment. They have been in hand for up to two weeks so buyer is getting benefit of a large amount of shrinkage. Bred in the Mt Isa uplands country these heifers will power ahead on better quality feed. They have good feet and the old branded heifers have been well dehorned. Please note the lame heifer in video was removed from the mob. These heifers are being offered dollars per head, guaranteed clear of dip for delivery to the Cloncurry Saleyards on Monday 13th October.
