	These heifers are well educated and were pleasure to muster in the paddock and work through the yards. Heifers that did stir up a bit in the crush for assessment and needling soon settled when let back to the mob. Overall a very nice mob of cattle to handle.

Assessor Comments	Opportunity Knocks!!! An excellent opportunity to secure a neat 2 deck run of vendor bred, EU accredited Brahman heifers with depth of breeding and quality throughout — a line rarely available on the open market. Only a small percentage of the No.4 drop have been retained by the vendor, with this tidy and well-presented mob being offered for genuine sale due to ongoing dry conditions. The heifers are well grown, display strong breed character and good clean heads. Selectively bred from industry leading red Brahman genetics including Fairy Springs, Wandilla, Gigoomgan sires. These heifers are quiet and well handled, making ideal future breeders, or alternatively could be grown out for heavy feeders or through to slaughter. A standout line of heifers ready to perform in any operation. ***Please note there are some pink noses in the lineup - refer to photos and video to ensure satisfaction that livestock meet your individual requirements.
