Assessor Comments	Here presents a line of Angus X Angus Steers presenting in store condition. These Steers were purchased out of Southern Weaner sales or on some Cows purchased as Cows & Calves early this year to take advantage of seasonal conditions. Given the right opportunity these Steers would perform exceptional for the successful purchaser as their is a heap of compensatory gain to be had as these Steers were handled for multiple days prior to assessment and were weighed after an extended curfew. These Steers would be ideal to feed for Domestic or Export weights. Buyers please note 2 steers had old pinkeye scarring in one eye but doesn't affect their sight in any way, there is also a small percentage of steers that carry light ringworm and wart. Buyers, please also note 1 steers have white on cod or belly. Vendor has four other lots in sale.
