Assessor Comments

A good run of Angus Heifers that would either potentially suit a breeding programme or grow out for the domestic or heavy feeder market. Heifers are NSM. Heifers are vendor bred & purchased. Ideal heifers to go onto improved pastures, good spring - summer grasses or a summer crop operation. Great compensatory gain to be had. Of the 62 heifers assessed noticed 6 blue eyes, old scaring, 6 with small amount of white on underline & 1 with small cut on o/s back leg, just about healed, not lame.
