	Excellent	100%	Fwd Store 80%
			Store 20%

Temperament	Yards	Crush	Paddock
	Quiet: 8 head Slightly Stirry: 41 head	Quiet: 35 head Slightly Stirry: 14 head	Temperament not assessed in Paddock
	These heifers move off pressure and are easy to move through the yards. These heifers were much calmer to handle through the race and the weigh box compared to in the yard. You will note in the video heifers move through a gate quite fast but will slow down in adequate time when pressure has been released. These heifers with some more yard work will continue to improve.		
Handled With	Bikes , Vehicles		
Assessor Comments	Buyers here is a wonderful opportunity to purchase proven genetics in the Angus breed. These heifers born August 2024 are FULL Booroomooka Angus blood. These heifers weighed 265kg - 353kg FULL to average 313kg. They would suit multiple programs moving forward such as backgrounding for a domestic or export feedlot job, carry through to an MSA or Grassfed premium kill program or to join when ready to the bull of your choice to either increase breeding numbers or a PTIC trade in 2026.		
Assessor	Jim Blain (Level 3 Accredited)
