Assessor Comments	A very good line of Weaner steers. All Individually weighed between 260 & 380Kg full. Steers are showing good growth for age after a tough winter on grass only, regularly cell grazed to keep feed in front of them. Steers will respond to lot feeding or could be backgrounded on grass. Steers that are above 380 kg offered in same sale! PLEASE NOTE 2 steers were treated for pink eye at assessment
