Assessor Comments

A neat line of vendor bred Angus x Limousin steers that present with plenty of frame to work with. Steers are perfect to continue on to either heavy feeders or heavier kill weights and will also suit a trade feeder. Steers present in forward store

condition and will continue on well given the opportunity. As noted steers have been yard weaned as well as Drenched & vaccinated over the past month and are out of a good cow herd. Steers have seen a tough winter but are jumping away well as the spring feed has began to grow. These are the lead draft of the High Valley steers.
